

Water Amplifies And Diminishes Emotions When Diluted

Methods

Imprinting

27 Participants held bottles of reverse osmosis water and thought about either Love or Anger for 2 minutes to imprint water.

Dilution

The imprinted water was then serially diluted a thousand, million, and billion fold.

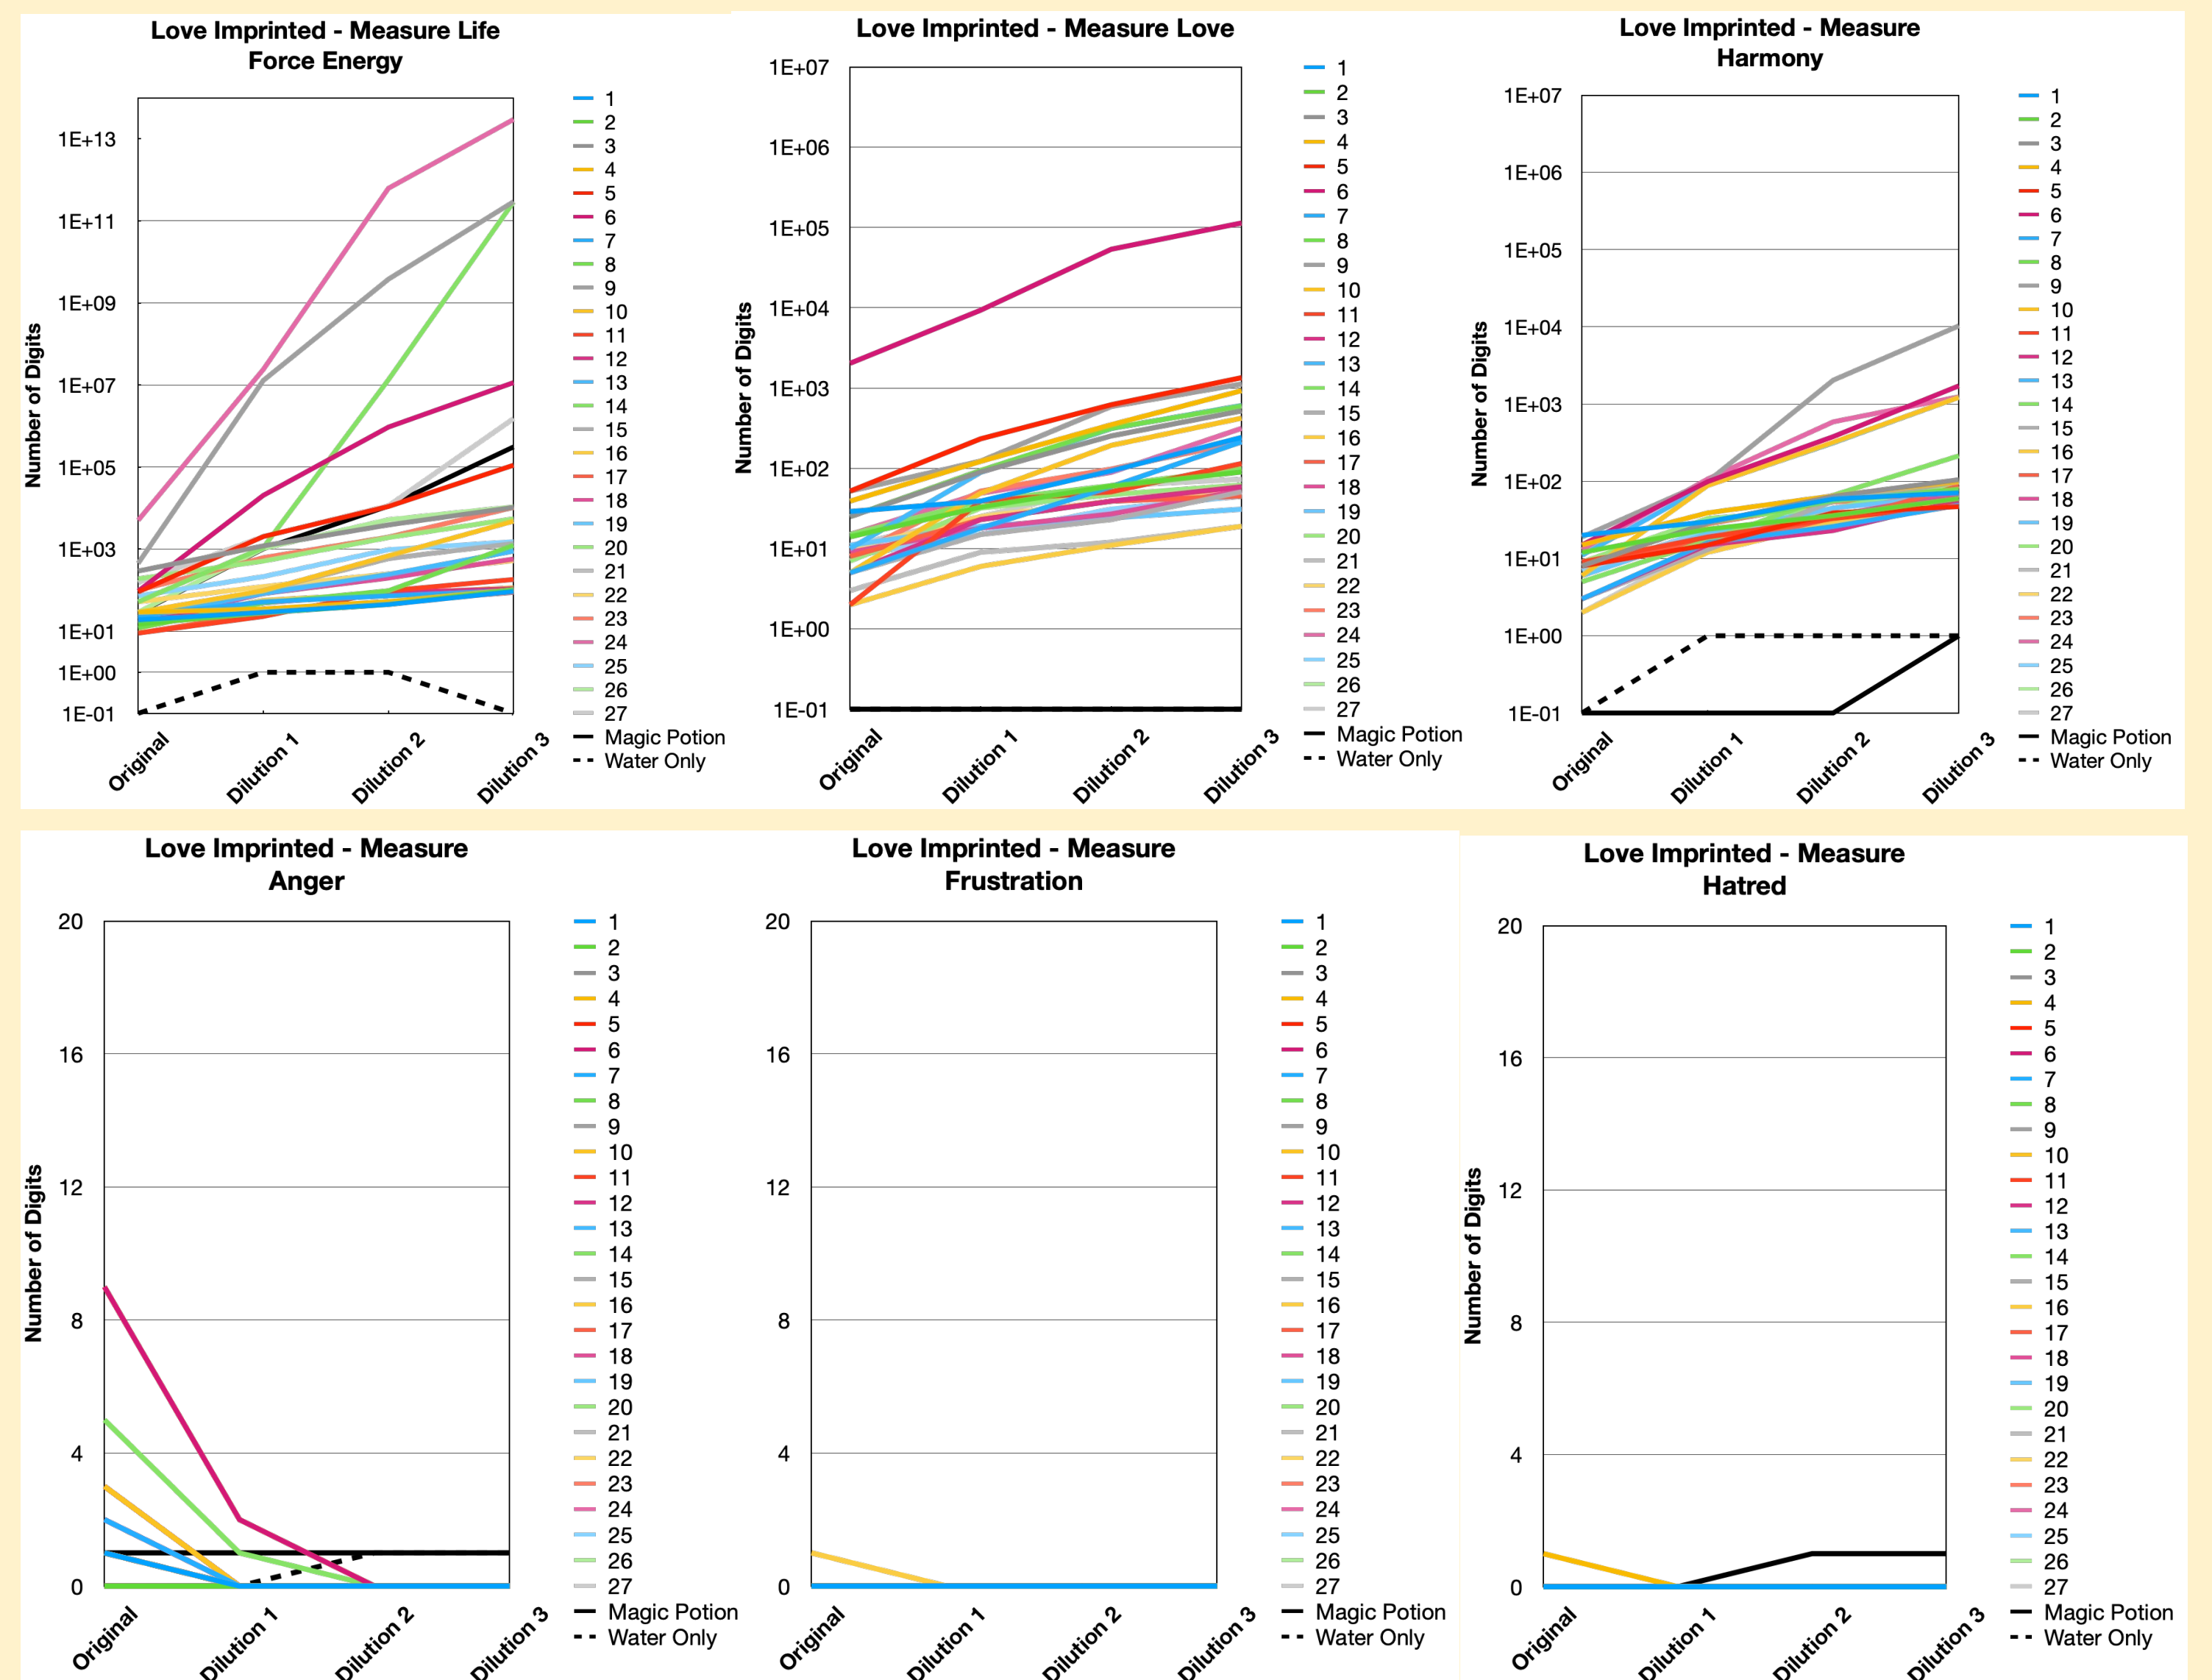

Measurement

Emotions in each bottle were measured by radionics for:

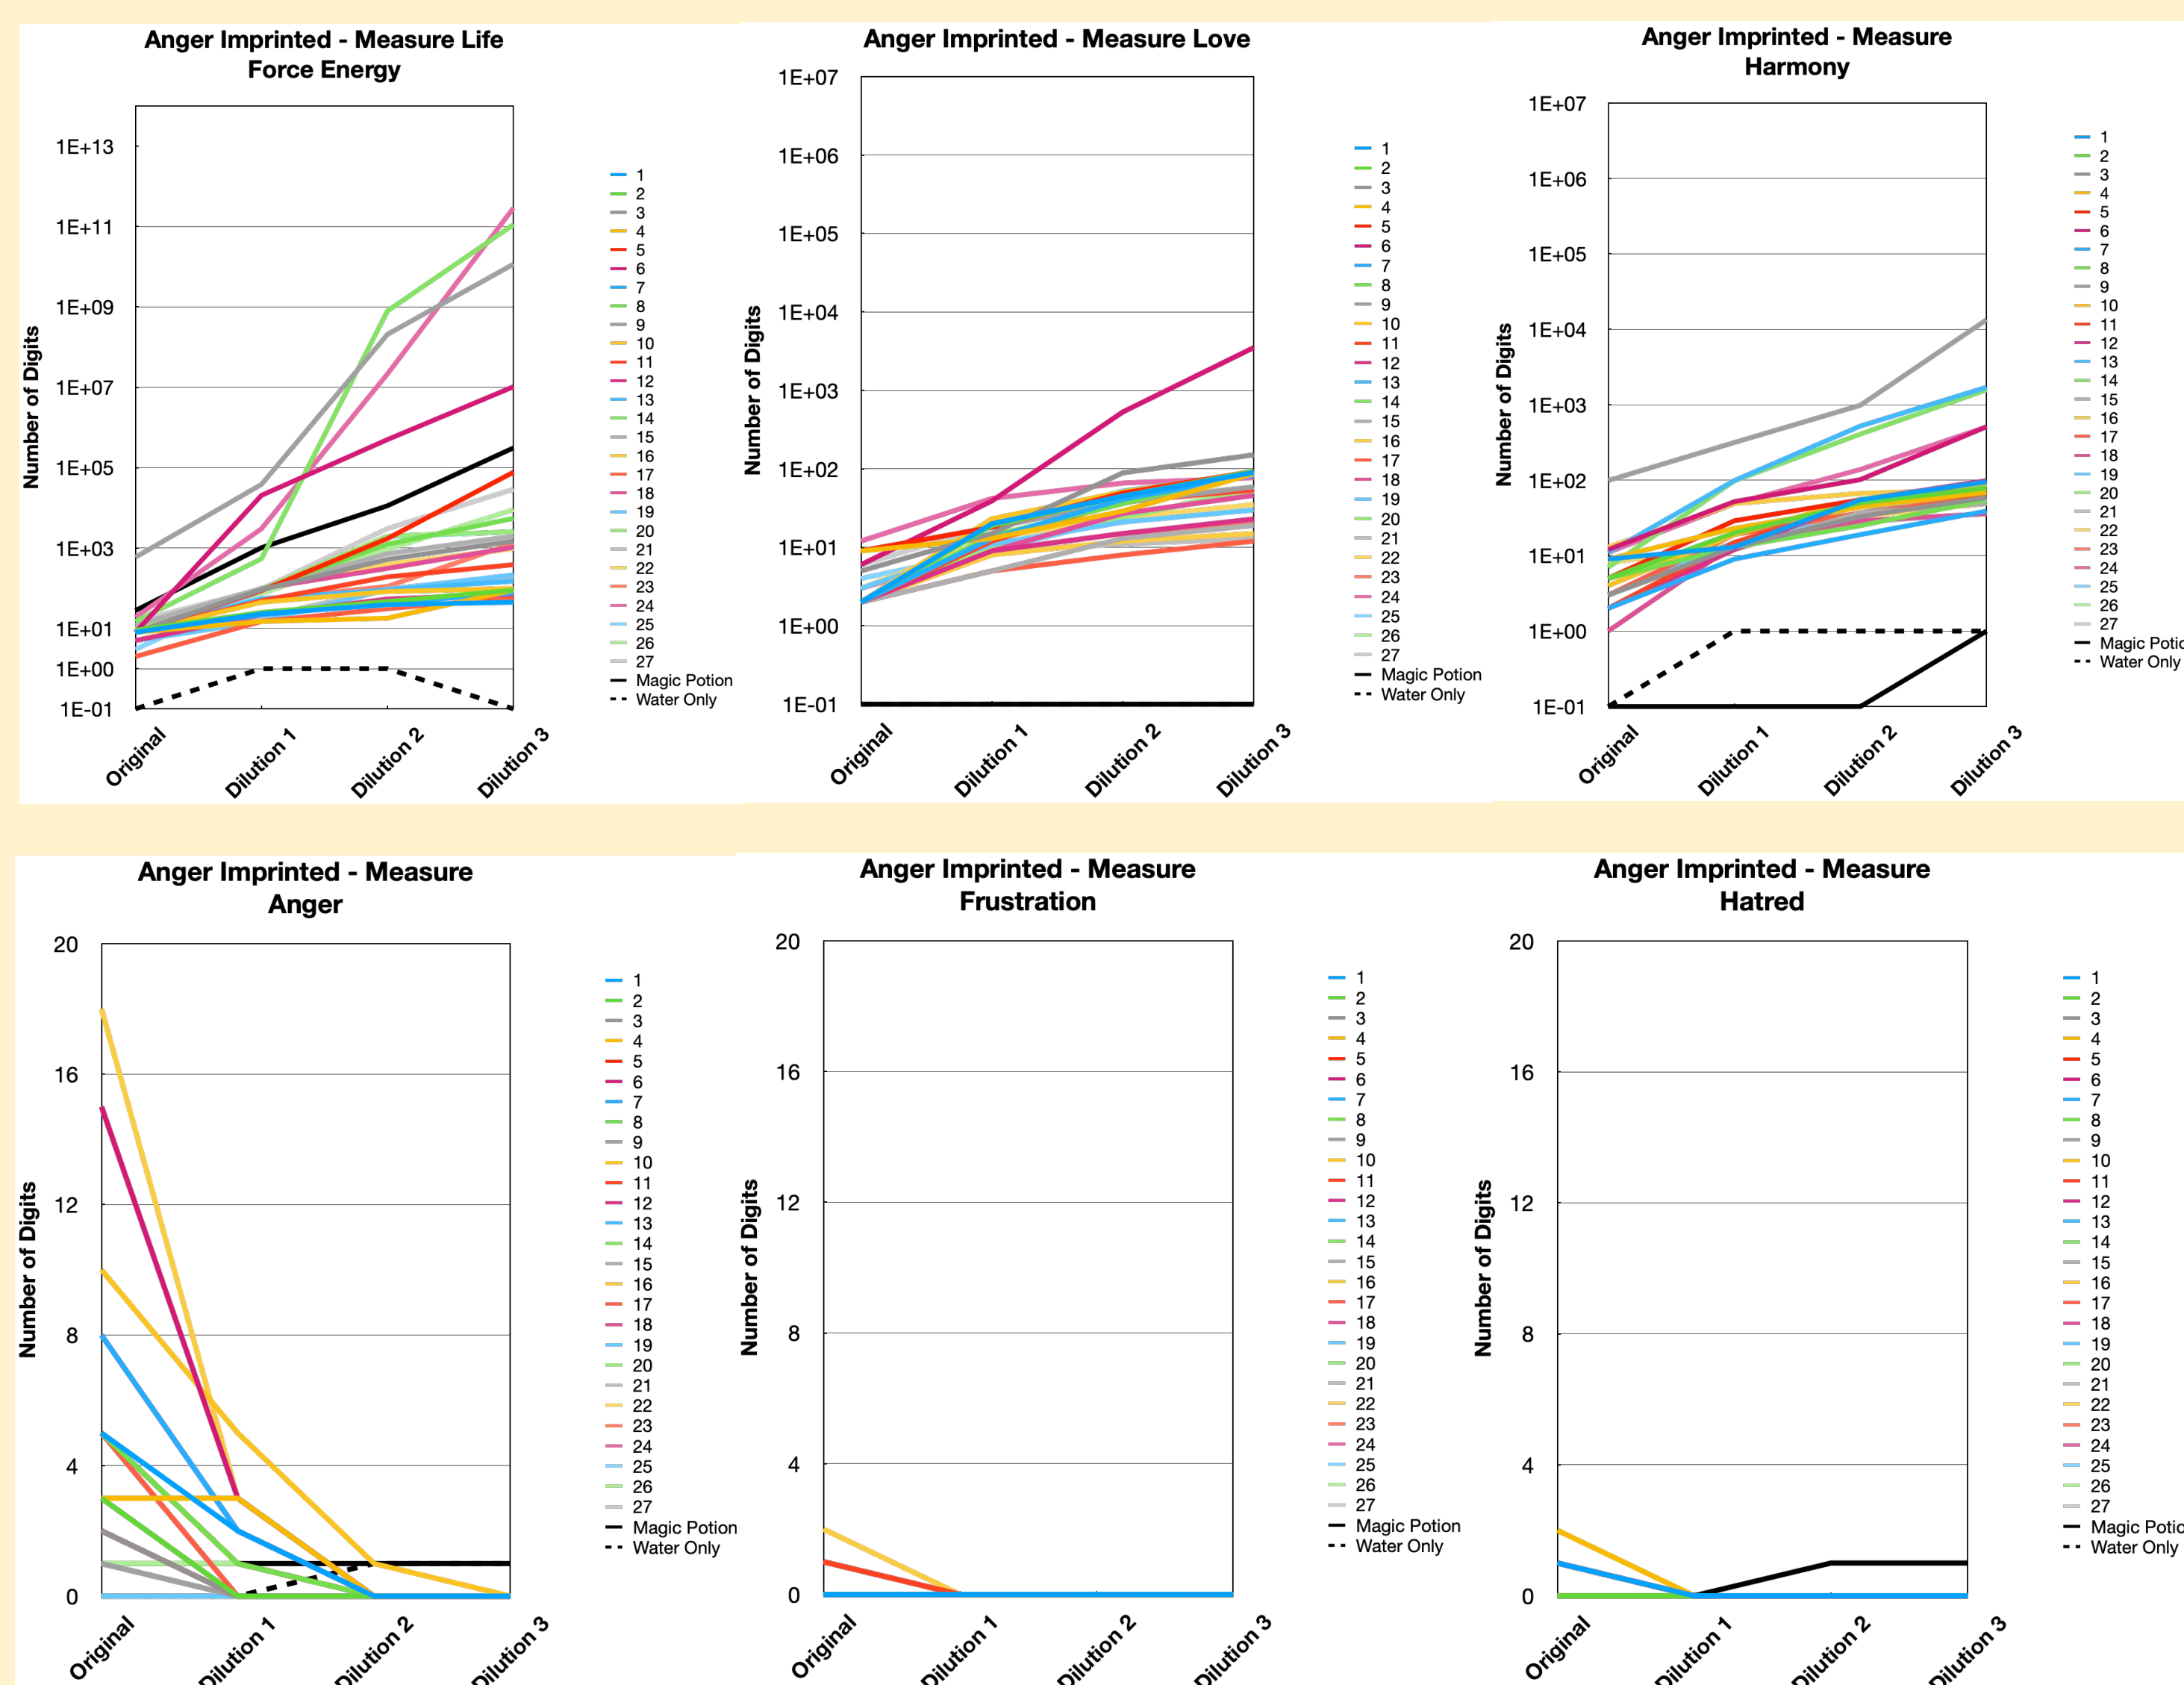

- Life Force Energy
- Love
- Harmony
- Anger
- Frustration
- Hatred

Controls were Dr. Libby's Magic Potion (see mobileDNAelements.com) and non-imprinted reverse osmosis water.

Love Imprinted

Anger Imprinted

Results

In all cases the positive emotions (Life Force energy, Love, and Harmony) or energy were amplified exponentially the more the imprinted water was diluted.

In all cases the negative emotions (Anger, Frustration, and Hatred) were decreased to zero the more it was diluted.

In 6 out of 27 (22%) participants (#8, 11, 15, 18, 22, 25) the Life Force energy in the Anger Imprinted water was greater than that for the Love Imprinted water for Dilution 3.

When 5 participants took orally a single drop of Dilution 3, a billion fold dilution, all of them showed their Life Force energy increased tremendously.

What does this mean?

- Taking a single drop of Love imprinted Dilution 3 water raises Life Force energy by many orders of magnitude.
- Negative emotions (Anger, Frustration, and Hatred) are reduced to zero with dilution.
- Does putting intention into water put consciousness into water? I believe yes.
- Does the consciousness that is put into the water cause the positive emotions to be amplified and the negative emotions to go away? I believe yes.
- Since our bodies are at least 75% water, the amplification of positive emotions has important implications about treating ourselves with our own thoughts and intentions to bring about health and well being.

Life Force (Number of Digits)

Participant	Before	After one Drop Dilution 3
6	189 trillion	1,295 trillion
12	5,294	2,194,623
20	5,290	2,189,324
21	20,942	23,452,189
27	39,412,856,221,123	100 billion trillion trillion trillion trillion
